SC-44-0300-0001-99

Dispositivo fermo porta SmartDoor (nero) wireless

Overview

SmartDoor is an intelligent wireless door controller, that combines both industry proven mechanics and the renowned fully EN certified robustness of SmartCell wireless technology.

Quick and easy to install, SmartDoor offers individual addressing at the SmartCell Control Panel.

Operating on the 868 MHz European harmonised frequency band and with full SmartCell system integration, SmartDoor is wholly controlled by the fire system.

This device is third party certified and compatible with the full SmartCell product range.
